THIS SIZE WORKS EXCEPTIONALLY WELL ON PAPER, METAL, WOOD OR ANY OTHER MATERIAL THAT IS NON-ABSORBANT.

UPON RECEIPT, **ADD YELLOW WATER COLOR OR YELLOW GOUACHE TO THE SIZE AND JUST WRITE OR PAINT WITH IT. TO INCREASE ITS FLOW, ADD MORE SIZE, TO DECREASE ITS FLOW ADD MORE COLOR. NEVER ADD WATER AND NEVER SHAKE. STIR ONLY.**

WAIT ABOUT 5 MINUTES FOR IT TO DRY AND ADD PATENT GOLD (TISSUE BACKED). **NO BREATHING REQUIRED.**

WHEREVER THE SIZE HAS BEEN LAID, THAT IS WHERE THE GOLD WILL ADHERE. TEST IT FIRST TO INSURE THAT YOU HAVE ADDED ENOUGH SIZE IN YOUR COLOR .

THIS SIZE WILL TAKE ANY METAL: GOLD, PLATINUM, VARIATGED, SILVER, COPPER, ALUMINUM, ETC. I HAVE USED EVERY METAL WITH EXCELLENT RESULTS. .

THERE ARE MANY TRICKS OF THE TRADE THAT I HAVE USED, BASICALLY DEVELOPED OUT OF NEED. IF YOU ARE WORKING ON POROUS PAPER, SPRAY THE BACKSIDE OF THE PAPER FIRST WITH KRYLON CRYSTAL CLEAR. THIS WILL SEAL THE BACKSIDE AND PREVENT SPREADING OF THE GOUACHE-SIZE ON THE FRONTSIDE. YOU CAN ALSO SEAL THE BACKSIDE WITH KNOX GEL. SIZE. BOTH METHODS WORK WELL. THIS HAS ENABLED ME TO WORK ON RICE PAPERS. ALSO FOR METAL OR WOOD, THE SIZE MIXES WELL WITH ACRYLICS. ANY QUESTIONS , EMAIL ME OR GIVE ME A CALL.

ONE OTHER NOTE, THIS SIZE HAS A 10 YEAR SHELF LIFE. ALSO, FOR MORE INFO ON THE USE OF GOLD, GET IN TOUCH WITH ME.

IF FOR ANY REASON YOU HAVE TO STOP, YOU CAN GET BACK TO APPLYING THE GOLD UP TO A 24 HOUR WINDOW. BUT ALLOT DEPENDS ON HOW POROUS THE PAPER IS. I HAVE FOUND THAT I CAN HOLD OFF ON APPLYING THE GOLD ON WATERCOLOR PAPERS, BRISTOL AND SOME OTHER SPECIALTY PAPERS. FABRIANO ROMA AND PRINTING PAPERS DO NOT AFFORD THAT OPEN WINDOW OF A DELAY. ALWAYS TEST IT FIRST.

FOR WHATEVER REASON, PEOPLE WHO SEEM TO DO ALLOT OF ROUNDHAND LETTERING SEEM TO USE MY GOLD SIZE RIGHT OUT OF THE BOTTLE WITHOUT COLORING IT. BROADEDGED USERS SEEM TO LIKE WATER COLOR OR YELLOW GOUACHE AS A COLORING AGENT, AND GOUACHE SEEMS TO BE A CHOICE FOR BRUSH USERS. WHICH EVER YOU FEEL COMFORTABLE WITH.

REMEMBER THIS AS A WORD OF CAUTION. CLEAN YOUR TOOLS IMMEDIATELY AFTER USING THE SIZE. DIP IT IN SOAPY WATER AND CLEAN IT.
